PARENT CONNECT

Authority and Passwords

Access to **Parent Connect** is easy. Once on the Internet, parents type in the Parent Connect address:

https://cimsweb.deltasd.bc.ca/schoolconnect/parentsignon.aspx

Initially, your user name and password have been predetermined.

The <u>User Name</u> will be your child's **P**ersonal Education Number (**PEN**): a 9-digit number assigned by the Ministry of Education and can be located on the student's report card.

The **<u>Password</u>** is a predetermined scrambled password that will be sent to you from the school under separate cover.

The **Postal Code** is the postal code of the parent/guardian signing in (each parent/guardian living at a different address will have their own account). Once you have signed in successfully

Once you have signed on successfully, it is strongly recommended that you change your password to something more meaningful and known only to you.

In order to make the first password change, the system will ask you a couple of basic questions. This way, if you ever forget your password, you will be able to change it without contacting the school.

To change your password:

- Type in the existing password or indicate you forgot your password
- Indicate your identity items
- Input your new password, ensuring to follow the password rules at the top of that screen

Please note: "characters" imply the use of letters A-Z; special characters are symbols such as * & / - : + (do not use)
